Lyrics - Single, Klonk*Records 2017

Read It In My Mind

Read it in my mind. Stop being blind.
Read it in my mind and you will find yourself - yourself.

Can you imagine this is possible?
Can you imagine this is really true? (uh-uh-uh-uh)
I swear I am your mirror. And so the same for me is you
and you and you and you too.

Read it in my mind. Stop being blind.
Read it in my mind and you will find yourself - yourself.

Make hay while the sun is shining. Make love in the moon light,
all through the night.
Separate wheat from the chaff. Can you really bring it right?
Come on fight for the light and

Read it in my mind. Stop being blind.
Read it in my mind and you will find yourself - yourself.
